This decision is issued in response to the "Renewed Petition Under 37 CFR 1.47(a)" filed 29 August 2008. No additional petition fee is required.

**BACKGROUND**

The procedural background for the present application was set forth in the decision mailed herein on 07 July 2008, which dismissed applicants' petition under 37 CFR 1.47(a) for failure to satisfy the requirements of a grantable petition. Specifically, applicants had failed to provide an adequate showing that the non-signing inventor cannot be located after diligent effort.

On 29 August 2008, applicants filed the renewed petition considered herein.

**DISCUSSION**

The renewed petition includes supplemental materials describing additional efforts made to locate the non-signing inventor David GOLDMAN. These materials, in combination with those previously filed, provides an acceptable showing that the non-signing inventor cannot be located after diligent effort. Applicants have therefore satisfied the final requirement for a grantable petition under 37 CFR 1.47(a).

**CONCLUSION**

The renewed petition under 37 CFR 1.47(a) is **GRANTED**. The application is accepted without the signature of non-signing inventor David GOLDMAN.

A notice of the acceptance of the application will be published in the Official Gazette, and a letter informing the non-signing inventor of the application will be forwarded to the inventor's last-known address, as set forth in the petition.

The application is being referred to the National Stage Processing Branch of the Office of PCT Operations for further processing. The date under 35 U.S.C. 371(c)(1), (c)(2), and (c)(4) is 30 June 2008.
